OLD KENNEDY CON. MINE SOLD TO J. F. COWAN

The Kennedy Consolidated Gold Mining company's property in the Buckskin district near Ludwig was sold Wednesday to John F. Cowan, prominent mining man of Salt Lake. The deal was made by Carl Stoddard, who acted as agent for the company and followed an inspection of the mine by L. E. Bedford, mining engineer of San Francisco, who acted as agent for Mr. Cowan.

The Kennedy property is said to be rich in copper.

The loss by fire at Atlanta, Ga., is estimated at \$3,000,000. Which must have recalled to some of the older inhabitants what happened when Billy Sherman and his hosts swept through—Los Angeles Times.

From the way the summer widow does all the talking, you may think his wife went to the country to give her ears a rest, but the chances are he is just beginning to learn he has a voice.—Houston Post.

ITALY IS AGAIN ON THE OFFENSIVE

(Continued from Page One.)

If the German report of the commencement of hostilities. Artillery duels of great intensity are known to have been in progress between Boesinghe and Fielesghien, and in the regions of Steenstraete and Het Sas, while to the south in France, in the neighborhood of the Bapaume-Cambrai road, the British troops have resumed their trench raiding operations, destroying German dugouts and taking prisoners. The Macedonian theater also promises early development on a large scale, while along the line where General Sarraill's forces are facing the Teutonic allies near the Greece-Serbian border the reports show only artillery duels to be in progress, the entente commander is still pouring men into Thessaly and occupying important localities. Another indication that the Greeks are turning towards the entente cause is shown by the fact that considerable quantities of arms and ammunition have been surrendered by the population of the invested towns and villages.

Again the Austrians have endeavored to dislodge the Italians from

positions northeast of Jamiano in the Carso sector of the Austro-Italian theater. A surprise attack has been repulsed with severe losses in men killed and made prisoner. On Monte Rombon, however, the Austrians were more successful in an attack, capturing advanced posts of the Italians on the eastern slope of the mountains.

OPENING THE TIoga PASS ROAD WITH EXCURSION TO TONOPAH

The editors of California are organizing a touring party which they want to include the chief points of interest in southern Nevada on the way to Ely. For the purpose of gaining authentic information, Mr. J. M. Eddy, editor of the Record, of Stockton, Cal., applied to the editor of the Bonanza for mileage and figures regarding the proposed route. The letter was referred to S. R. Moore, treasurer of the Tonopah Auto Club, who made the following reply, which is of interest to nearly every motorist in the country:

"Your letter to Mr. W. W. Booth was handed to me by him this morning, and it was gratifying to see the interest shown. "The condition of the auto road between Tonopah and Ely is good the year round and is excellent just at present. There are two routes, one high up in the foothills, and the other lower, and in the winter season when one road becomes soft the upper one is usually in good shape. These two branches are known as the Hot Creek, which is the lower road, and the Blue Eagle, which is the upper one, and they vary only about five miles from here to Ely.

"In reference to the Tioga Pass: Last year we routed considerable tourist travel that way and from reports they got through with very little trouble and were well pleased with the road. Apparently it is better going west than if the tourist is coming east as the grades favor the travel to the coast. I have not been over it, but this is the report given to me. It is about 85 miles shorter between Ely and San Francisco via the Tioga Pass, as traveled last year, than over the Lincoln Highway, and of course has the additional advantage of the scenic conditions in the Yosemite. "There is a further advantage to the Tioga Pass just at present over any of the other routes crossing our state for the Midland Trail which passes through Tonopah is the fastest and best road at present. Both the Overland Trail and the Lincoln Highway are reported as having more difficulties for the tourist to encounter. At date I do not know of a single place from Ely to Big Pine that should cause the least trouble and tourists can make on an average better than 20 miles an hour over it, total running time, the entire distance, which is not bad considering they are all natural roads.

"If you can improve a road that will reduce by 15 or 20 miles the amount saved already over the routes, I should be pleased to hear from you upon the completion of it that we may use the information for the tourists.

"You can notify all parties that the roads over the Loretta, Westgard and Tioga Passes, which come through Tonopah, are all in good condition. Though the road over the Tioga via Coaldale is shorter, at present we would suggest that travel come by way of Bishop and Big Pine, Goldfield to Tonopah. Tourists will find the trip extra time and distance covered.

"The Tonopah Automobile association, which is the local representative of the Nevada state automobile association and the American automobile association, is the active agent here in road matters. At present we can report a number of cars daily passing through here to the coast, some even preferring to come from Ely to Tonopah and go back to the Lincoln Highway at Reno than to brave the difficulties experienced in crossing Nevada from Ely through Eureka, Austin and

Fallon to Reno. Last year's experience showed that cars could make the extra distance in about the same time required on the Lincoln Highway and in some instances made it in considerably less.

"The distance between Tonopah and Goldfield is 26.4 miles. The road is in good condition. The average running time is one hour though many cars have made it in less than 45 minutes.

"If I can assist you with any further information do not hesitate to call upon me. I am answering this to gain time though I will see that copy of this reply reaches the secretary of the local club. For your information, the officers are: Ben D. Luce, president; E. J. Erickson, vice-president; E. P. Culinan, secretary; S. R. Moore, treasurer, Tonopah Auto Club."

WATER HEARINGS BEFORE AVERILL

APPROPRIATIONS FROM SPRINGS MEET WITH PROTESTS FROM SEVERAL CONTESTANTS

The district court is occupied this afternoon hearing evidence in the application of Tim Hooper for right to appropriate the waters of a spring. This is resisted by the United Cattle and Packing company, whose stock range in the section where the water is found. In turn the cattle company's right is protested by Thomas Clifford, who declares he has used the waters for years and has them under a proper filing with the state engineer's office. Another protest is filed by Roger Dougherty. The application of Gerry Steene is protested by the Louisiana Consolidated Mining company.

WOMEN OF WOODCRAFT ELECT DISTRICT OFFICERS

With 300 members present the Women of Woodcraft of this district convened yesterday in Odd Fellows' hall and elected district officers. It was the first convention ever held in this district and delegates from all parts of the state and the border counties of California were present.

The officers are: Lathia Larson, of Bishop, post guardian; Eliza Campbell, of Truckee, guardian; Jesse Cushing, of Carson City, advisor; Ida Wycoff, of Sparks, banker; Nellie Kispit, of Big Pine, clerk; Minnie Ambrose, of Yerington, musician; Laura Coombs, captain of guard; Grace Johnson, attendant; Mary Johnson, inner sentinel; Melbie Meisamel, sentinel; Carrie Sackett, Anna Vack, Grace Holesworth, managers; Lenora Wright, musician—Reno Gazette.

JUDGE NORCROSS ILL

Word has just reached this city that ex-Chief Justice Frank Norcross is critically ill in his new home at Reno and will tonight (Wednesday) be taken to one of the San Francisco hospitals for treatment—Carson City Appeal.

The complaint of a Los Angeles man asking for alimony from his wife has been dismissed. There doesn't appear to be anything in the line of justice for the mere man any more.—Los Angeles Times.

A prisoner in a Connecticut penitentiary has subscribed for \$1500 worth of Liberty Bonds. Evidently he has a keen appreciation of what liberty means.—Detroit Press.

AMUSEMENTS

BUTLER THEATER

"The Libertine," featuring the noted dramatic star, John Mason, and Alman Hanlon, which will be shown at the Butler today, for one day only, is reported as being the most sensation American drama ever enacted on the screen. This production tells the story of the modern American working girl, and of the pitfalls and temptations with which she is confronted. It touches with delicate fingers into the depths and teaches a powerful lesson. In the development of the story, a timely moral is interwoven into the old story, forever new, "The Libertine" lays the blame for young women's indiscretions on the fatal lure of wealth and luxuries. A private showing was recently given to the clergy of New York City, and they were so impressed that at its conclusion their applause lasted for over five minutes. There will be one matinee and two night shows as usual, at the regular admission, and in addition to this six-reel feature a one-reel Paramount comedy, "Rough and Ready Reggie" will be presented.

Tomorrow, vaudeville, and one of the best pictures ever shown, "Skinner's Bubble," a sequel to "Skinner's Dress Suit," which was shown here a short time ago.

LIBERTY THEATER

Today: Wedgewood Nowell and Betty Shade in "The Reward of the Faithless," a five-reel Bluebird production. With a villainous husband and his mistress plotting against her Princess Dione had little chance for life. They neglected to supply her with medicines when she became ill, and the beautiful woman died. That is, she was presumed to be dead, and was buried. But when her faithful friend called to pour out his grief upon her coffin he found that there were signs of life, that the princess was in a cataleptic state.

Thursday: Look at these stars, all in "The Seventh Sin," the last of "The Seven Deadly Sins," Ann Murdock, Nance O'Neill, Holbrook Blinn, Charlotte Walker, H. B. Warner, Shirley Mason and George LeGuere. Never before has there been such a gathering of stars especially for one picture.

"The Life of Tree Animals," taken from Dittmar's Living Book of Nature. Friday, Rex Beach's "Pardners," featuring Charlotte Walker.

FOR THE WOMEN'S RELIEF

Arrangements are well under way for the presentation of two nights performance, beginning Monday night June 25th, under the management of Director Ennis for the benefit of the Women's Relief Corps. The first night will consist chiefly of novel vaudeville stunts by such well-known artists as Tommy Gibbons, Ray Hanahan, George Shields, L. L. Doan and Ryder Ray, concluding with the well known minstrel finale of "The Cannibal Isle."

The second night, Tuesday, June 26th, "The Gambler," a three act western comedy drama, a story dealing with the life of a gambler. Also one hour of musical numbers and specialties, making the entire evening's entertainment two hours and a half. Every act and number is well costumed, and the public is going to receive a great surprise in the way these shows are staged and managed. Reserved seats are now on sale at the Miners' Drug Store.

REORGANIZATION OF THE MANHATTAN VERDE CO.

Pursuant to call, a stockholders' meeting of the Manhattan Verde Mining company was held at the office of H. R. Cook yesterday afternoon. Mr. Cook presiding and R. P. Dunlap acting as secretary. R. P. Dunlap, W. A. Berry, C. T. Laurence, O. D. Smith and Chas. Richards were elected directors for the ensuing year. On canvassing the stock represented by proxies and those present, it was discovered there was not sufficient stock to reorganize the company on the lines desired, and the meeting was postponed until July 14, when it is expected additional stock will be represented.

Before adjourning a directors' meeting was held and R. P. Dunlap was elected president and W. A. Berry secretary pro tem. The Verde is one of the old companies that suffered from the effects of the San Francisco fire, but with the rejuvenation of Manhattan no doubt the property will receive just recognition as one of merit.

LOOKING FOR NEW SITE FOR TONOPAH MINE SCHOOL

Prof. F. C. Lincoln, of the Mackay School of Mines, came in this morning and is spending the day with Prof. Ellsworth Bennett looking for a site for the local school of mines which must be removed to other quarters owing to the school board having use for the entire building. The old Beardsley building is under advisement.

It has been said that it takes all kinds of people to make the world, but too many kinds are doing their worst to unmake it.—Albany Journal.

PERSONAL

MRS. J. L. BOWMAN, of Manhattan, was a passenger this morning for Sacramento.

MR. AND MRS. L. L. MUSHETT of Manhattan, were visitors to Tonopah yesterday.

J. G. SCRUGHAM, state engineer, was among the arrivals this morning from the capitol.

IRA MURDOCK, a prominent cattleman, is among the guests at the Mizpah hotel.

WILLIAM KEARNEY, hydraulic engineer, and former state engineer, is registered at the Mizpah.

H. M. RIVES, secretary of the Nevada Mine Operators association, came in this morning from Reno.

DAVID ASPLAND, general agent of the Tonopah & Tidewater, came over from the south this morning.

CHARLES J. OLNEY, secretary of the Rescue-Eula Mining company, left for San Francisco this morning after spending several days in camp. MRS. HIRAM BILYEU and her mother, Mrs. Bawden, returned this morning from attending the session of the I. O. O. F.

J. WHITMAN SYMMES, general manager of the Union mine of Virginia City, is stopping at the Mizpah for a few days.

L. A. GIBBONS, the attorney, came in this morning to attend the hearing of a water suit in the district court.

A. H. HOWE, president of the Red Hills Florence company of Goldfield, and also secretary of the Goldfield Con., was a visitor to Tonopah last evening. He says the Red Hills is bound to make one of the best mines that the southern camp ever saw.

E. S. CHAFEY IN FROM CAMP OF FAMOUS MEMORIES OF '80S

E. S. Chafey, who is one of Nevada's best known miners and prospectors, is in from the old camp of Candelaria where he is now operating. He reports that there is quite a little activity in that section, there being three outfits which are operating on company account and three sets of leasers who are in ore. Between them all there is now being shipped an average of 60 tons per day.

In addition Mr. Chafey and his associates are outputting 25 tons daily, making a total of 85 tons daily which is being hauled a mile and a half to the narrow gauge railroad and thence to the smelters.

At one time Candelaria was one of the most active camps in the state and is credited with an output of \$60,000,000. The Diablo mine was worked to a vertical depth of 1400 feet, while the shaft on the Holmes followed the vein on its incline to a depth of 2300 feet. The values in the Candelaria ores are practically all in silver.—Reno Gazette.

MILLING ORE IN MANHATTAN

A statement issued by the Manhattan Con. this afternoon states that the entire ledge opened yesterday carried "milling values." Nothing was said about what these were.

Still the czar of Russia may have meant what he said when he told the world that he was going "to fight to his last moujik."—Chattanooga Times.

Training of men for military service nowadays is so strenuous and systematic that "soldiering" does not have the old significance.—Tacoma Ledger.

WELL KNOWN BUILDERS SUSTAIN SLIGHT INJURIES

Gavin Johnson and Ed Critchfield, two well known builders and contractors, were injured last evening by the breaking of a scaffold on which they were working at the Midway saloon on lower Main street. The accident occurred just as the men were quitting work and without any warning. Mr. Critchfield was injured in the left knee and his partner had one foot badly mashed. Owing to his age Mr. Gavin may be detained indoors for some time.

GOLDFIELD ELKS GIVE RED CROSS BENEFIT

Miss Ennis is visiting Goldfield this afternoon in behalf of the movement initiated in that camp for the benefit of the Red Cross. The entertainment is backed by the Elks and is receiving the practical support of the order in Tonopah. The performance will be given June 22 and 23 at the Hippodrome theater in Goldfield.

THE Wilson School of Dancing WILL OPEN Monday, June 25th

This course is designed for the thorough training of prospective Teachers of Dancing and will include Interpretive, Classic, Folk and Ballroom dancing. For terms, etc., write Mrs. Wilson, 123 Maple street, Reno, Nevada.

Wonderful Soda--

That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and sweetest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.
